Jon Corzine
Governor, Chair

NEW JERSEY LICENSE & CERTIFICATION GUIDE

Occupations and business activities often require some form of registration, license or certification by the State of New Jersey. This booklet compiles, in a single document, a listing of these requirements with the appropriate agency contact. It has been prepared by the Department of Business Advocate & Information in the Commerce and Economic Growth Commission in response to requests from the business and professional communities for this type of information.

All State regulatory agencies have reviewed and verified this material to ensure completeness and accuracy. Inevitably, changes will occur and the Department of Business Advocate & Information is available for updates or additional information.

Users of this information should also contact the county and municipal clerks in order to satisfy possible local permitting requirements.

Sincerely,

Donald Newman
Manager of Client Services
