

Millville Master Plumbers Association

**2134 West Main Street
Millville, New Jersey 08332**

The New Jersey State League of Master Plumbers was formed in 1930 as a result of six New Jersey plumbers, who took such pride in their trade; they felt their profession and their customers should be protected. A non-profit corporation was filed on February 24th, 1931 and for over the past 76 years, the goal of the State League has been to promote the integrity of our profession, and protect the standards of our industry and enforce our licensing laws. The State League's membership has now grown to over 1,100 members statewide.

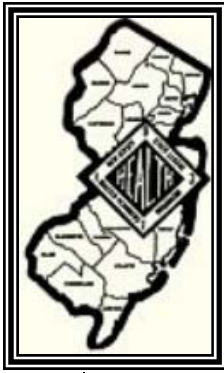

Our Organization is recognized by Legislators across the State. We are committed to protecting our scope professional practice. Our voices are heard in Trenton on matters important to our interests as licensed plumbers, as well as businesspeople. The League's Enforcement Committee addresses complaints filed by our membership against unlicensed entities. We are successfully prosecuting cases and enforcing licensing rules and regulations; protecting your rights as a state licensed Master Plumber!

If you are a new licensee, you have just gained access to some of the most innovative, knowledgeable and professional Master Plumbers in the State of New Jersey. Many members are Plumbing Inspectors and Plumbing Subcode Officials who impart their own knowledge and experience to keep the associations members current with the most recent code developments. We encourage you to explore some of the many benefits of membership at our extremely reasonable membership rate. We're confident you'll recognize the value that membership in the State League of Master Plumbers affords you.
